Portfolio

Professional Summary

Research-oriented academic professional with a Ph.D. in Food Science and Nutrition and strong expertise in clinical nutrition, therapeutic diet planning, and public health research. Authored more than 14 publications in peer-reviewed journals and actively participated in academic conferences and research activities. Passionate about teaching, research, nutrition education, and contributing to academic excellence through scientific research and student-centered learning.

Education

Banasthali Vidyapeeth 2025

Ph.D. in Food Science and Nutrition

Thesis: Effect of supplementation of pumpkin and sesame seeds on Serum zinc level of diabetic subjects.

Banasthali Vidyapeeth 2018

M.Sc. in Food Science and Nutrition

Dissertation: Influence of malting on nutrient composition and alpha-amylase activity in wheat cultivars (aestivum, dicoccum, and durum).

Banasthali Vidyapeeth 2018

Diploma in Food Processing and Service

Banasthali Vidyapeeth 2016

B.Sc. in Home Science

Research & Publications

Authored more than 14 research papers in reputed peer-reviewed journals focusing on human nutrition, food science, diabetes care, and public health research.

- An overview of the present issues with diabetes care in India — International Journal of Current Advanced Research, Vol. 13, Issue 08, pp. 3250–3253, August 2024.
- Nutritional Profile and Sensory Attributes of Sesame Seeds Flour Incorporated Biscuits — Global Journal for Research Analysis (GJRA), Vol. 13, Issue 04, April 2024.

Research Areas

- Clinical nutrition strategies
- Diabetes management
- Nutrient composition analysis
- Public health nutrition

Research Competencies

- Research methodologies
- Literature review
- Scientific writing
- Nutritional assessment
- Data analysis using MS Excel

Conferences & Presentations

Oral Paper Presentations

- Review of Cucurbita pepo (Pumpkin seeds) on health benefits and nutritional composition at the 7th Global Congress on Food Science and Nutrition, 2024.
- Association between plant-based diet and diabetes prevention at the 7th International Conference on Diabetes and Health Care, 2024.

Poster Presentation

- Zinc supplementation for the prevention of type-2 diabetes mellitus in humans with insulin resistance at the 5th International Hybrid Conference on Diabetes & Healthcare, 2022.

E-Poster Presentation

- Association between obesity and zinc deficiency — A review, presented at AIIMS BARICON 2022, Taj Vivanta, Dwarka, New Delhi.

Academic & Clinical Exposure

Clinical Internship

- MAX Super Specialty Hospital, Shalimar Bagh (May–June 2017).
- Gained experience in patient diet consultation, ICU nutrition, therapeutic diet formulation, and nutritional assessment.

Faculty Achievement

- Secured 2nd position in intramural program as Home Science faculty.

Community Outreach

- Actively involved in academic events and university-led nutrition awareness campaigns.

Skills

- Clinical Nutrition & Therapeutic Diet Planning
- Medical Nutrition Therapy (MNT)
- Nutritional Assessment & Counseling
- Research & Data Analysis using MS Excel
- Patient Education and Support
- Nutrition-focused Physical Exam (NFPE)
